Your legacy; a future of inclusion and independence

Thank you for considering including a gift in your Will to support people living with low vision, blindness and specialised support needs.

Every day, I see the incredible difference our supporters make. Their generosity helps people build confidence, embrace new opportunities and live life on their own terms.

When writing your Will, your loved ones should always come first. Once you have provided for family and friends, I hope you will consider including a gift to Guide Dogs SA/NT as part of your lasting legacy.

I have chosen to become a Buddy for Life by including a gift in my own Will because I want my commitment to care and compassion to continue well into the future. Every gift, no matter its size, has the power to change lives.

You may never know whose life is touched by your generosity, but the impact of your gift will be remembered for years to come.

Thank you for helping create a more inclusive future.

About Guide Dogs SA/NT

For more than 65 years, Guide Dogs SA/NT has used our expertise in dogs and vision to promote independence, participation, inclusion and wellbeing for people living with low vision, blindness or specialised support needs.

Guide Dogs in South Australia was started by the Adelaide and Unley Apex Groups in 1957.

In 1959 South Australia joined with Northern Territory to become Guide Dogs Association of SA and NT Incorporated.

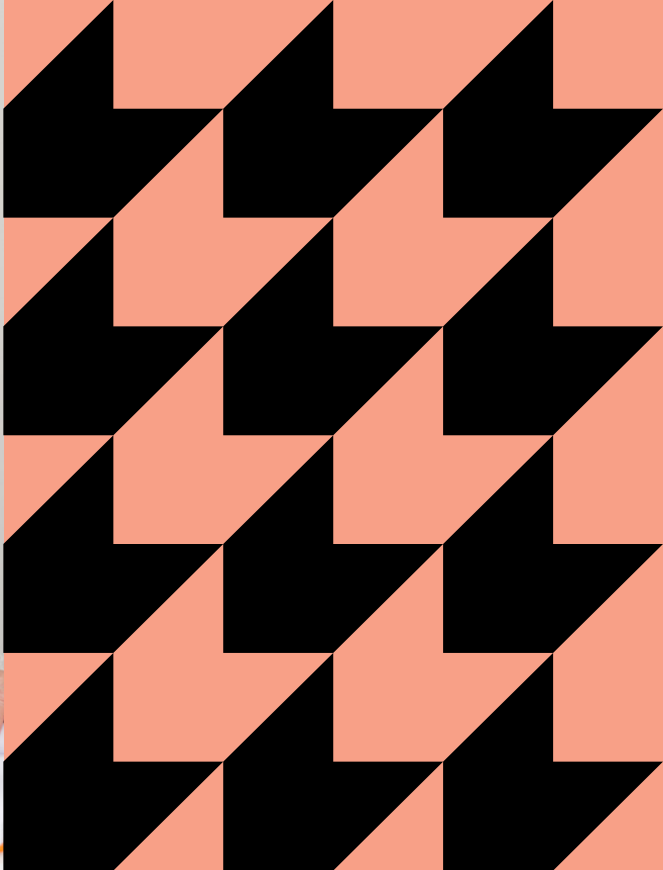

Since our founding days, our services have grown far beyond just Guide Dogs to include a wide range of community initiatives and training and education programs.

Today we work to ensure people living with low vision, blindness or specialised support needs are active and involved members of the community.

We do this by teaching practical skills to help children and adults reach their personal potential, regardless of when or how they became affected by low vision or blindness. These skills are developed under our Orientation & Mobility and Occupational Therapy programs. In 2010 we pioneered the provision of Autism Assistance Dogs.

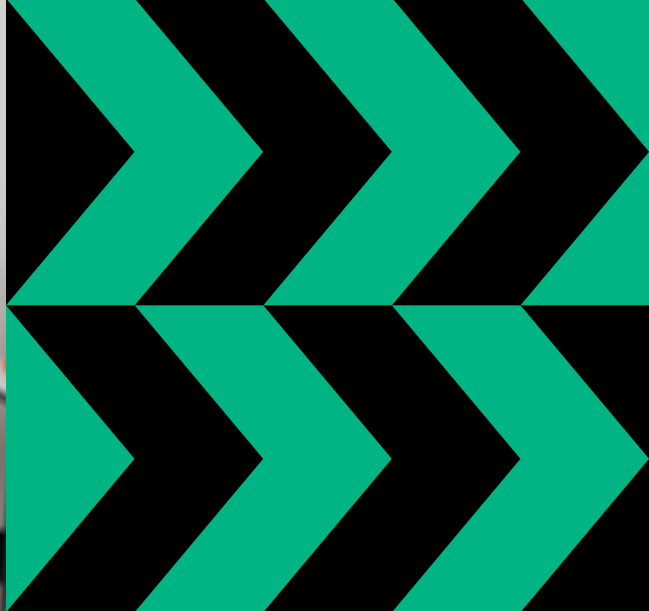

The number of South Australians and Northern Territorians who need our services is growing every year; vision loss will significantly increase over the next decade due to our ageing population and increasing prevalence of diabetes.

At Guide Dogs SA/NT, it is essential that we plan for the future to ensure our sustainability so that we can continue to support our community for many years to come.

A gift in your Will to Guide Dogs will transform lives

Every day nine Australians are told that they will become blind. For a person who is blind or has low vision, being matched with a Guide Dog is a life-changing moment.

The transformation of a puppy into a Guide Dog is remarkable and the difference they make to their handler is truly amazing. A gift in your Will provides independence and freedom for people with low vision, blindness or specialised support needs, now and into the future.

Whilst Guide Dogs SA/NT receives some Government funding, our puppy training program relies heavily on the support of the community. It costs more than \$50,000 to breed, raise and train our working dogs. By including a gift in your Will, you will be helping thousands of Australians live a life that they choose.

With your generous support we can continue to provide Guide Dogs and Assistance Dogs to help our clients achieve a lifetime of independence, participation, inclusion and wellbeing.

The gift of a Guide Dog

Have you ever wondered how a Guide Dog can transform someone’s life?

Like her mum Alison, Sacha has Familial Exudative Vitreoretinopathy (FEVR). FEVR is a hereditary condition, however, many people do not realise they have it until a relative is diagnosed. In rare cases, such as with Sacha and Alison, it can cause vision loss.

Sacha has worked with Orientation & Mobility specialists at Guide Dogs SA/NT since she was three, learning how to move around safely and independently.

These skills have been preparing Sacha for the ultimate goal: a Guide Dog to provide more opportunities for Sacha to live her best life.

By including a gift in your Will to Guide Dogs SA/NT, you can make a profound change to the life of a person living with low vision, blindness and specialised support needs. You may never meet the person whose life your kindness changes, but they will never forget your generosity.

The costs are great...

Our puppies are bred for the behaviours and temperament needed to become successful Guide Dogs, but first they need to grow up a bit and experience the big wide world.

At 8 to 10 weeks, each puppy leaves our Puppy Development Centre to live with a volunteer puppy raiser until they are 12 to 14 months old. During this time,

the puppy raiser teaches basic obedience skills and introduces the puppy to the sights, sounds and smells they are likely to encounter as a working Dog.

It costs more than \$50,000 to breed, raise and train a puppy to become a Guide Dog or Assistance Dog.

The rewards are priceless...

Over five months our puppies work with a specialist Guide Dog Trainer where they learn to avoid obstacles and hazards, stop to indicate change of surface such as kerbs, and obey commands. This brings out their natural guiding ability and increases their confidence.

At about 14 months, puppies return to the Puppy Development Centre for their specialised Guide Dog training.

Following graduation, each Guide Dog is carefully matched with their handler by our skilled Guide Dog Mobility Instructors who consider the personality, physical ability, age, location and lifestyle of the handler.

Together, the handler and Guide Dog will do additional intensive training to complete the transformation from one person and one dog to a very special Guide Dog partnership based on mutual trust and loyalty.

Including a life-changing gift in your Will

A gift in your Will can make a life-long difference to someone living with low vision, blindness or other specialised support needs.

There are many ways to include a gift in your Will and it is advisable to seek legal advice when preparing your Will. We also recommend that you discuss your wishes with family and loved ones.

A gift can take many forms:

- **Whole or a part of your Estate**

You can include your entire Estate or any part of your Estate to Guide Dogs SA/NT.

- **Percentage of your Estate**

If you are unsure how much will be in your Estate, you can nominate an allocated percentage of your Estate. This ensures that no matter the value of your Estate, the percentage you intend for Guide Dogs SA/NT will remain the same.

- **Fixed dollar amount**

This type of gift can often be referred to as a 'pecuniary gift'. This is a specific sum which may need to be changed over the years to account for inflation and changes to your circumstances.

- **Residuary gift**

A residuary gift is one where you give a portion of all that is remaining in your Estate after specific gifts and debts are fulfilled. After you have taken care of loved ones and dependants, you can leave us the whole or a percentage of what remains in your Estate.

- **A specific asset**

A specific asset includes real estate, shares or other particular items of value.

It is essential that **Guide Dogs Association of SA & NT Inc.**

is correctly named in your Will, along with the correct **ABN 91 183 168 093.**

The wording for you to consider and take along to your solicitor is provided on page 16.

If you are kindly including us in your Will, please tell us, as we would love to thank you and invite you to special Guide Dogs SA/NT events.

If you would like your name inscribed in our Buddy for Life Honour Book, please complete the form on page 22 and return it to us in the supplied reply-paid envelope.

“I used to buy Christmas cards, then gave donations to the collection dogs as a child, then I started buying things from the Dogalogues. Now I’m a bit older than a teenager. It’s been more than 50 years and I’ve realised how these dogs can change people’s lives. They give people living with vision loss independence and a great quality of life.”
